

In September 2020, Cadre appointed another two candidate town and regional planners, namely Tshepo Tsotetsi and Melissa Taleni.

We are excited to welcome them to the Cadre team!

**Tshepo** is an award-winning Town and Regional Planning graduate (with distinction), endorsed by the University of Pretoria in 2020. His fervour for solutions architecture in the interest of human development agenda, has steered his passion towards strategic planning. In May 2020, Tshepo was awarded a national runner-up prize for the South African Cities Network Young Planners and Designers Competition.

In continuous efforts to bolster effective and result-driven planning and development engagement by both public and private sectors, he intends on furthering his studies in policy and governance.

**Melissa** graduated with a Bachelors in Town and Regional Planning from the University of Pretoria in 2020. During her time in university, she was a class representative for her year group for two consecutive years as well as Head of Transformation for the Built Environment Society.

Her interests lie in sustainable development and combatting climate change issues. In the future she plans on specializing in finding green solutions for urban and rural spaces.
